

Barrington Village Consultation Report
2023
Appendices

Author: Linda Howells

Date: November 2023

Index

Appendix	Question	Page No.
1	Question 7 - Number of households travelling to work in an "other" location	001
2	Question 17 – Comments regarding hospitality venues	003
3	Question 19 – Other facilities in the village	007
4	Question 26b – Other medical clinics in the village	010
5	Question 27 – Other activities in a new "Village Hub"	012
6	Question 30 – ALL Community Spirit comments	014
7	Community Spirit "YES" comments	025
8	Community Spirit "NO" comments	032
9	Community Spirit "DON'T KNOW" comments	037
10	Suggestions to improve the enjoyment of the Village Green	039
11	Additional Comments / Concerns and Suggestions	044
12	The 2023 Household Survey Questionnaire	056

Appendix 1 – Question 7

Number of households travelling to work in an “other” location

Location	No. households
“All over”	11
Melbourn	6
Stevenage	5
Shelford	3
Fowlmere	2
Great Abington / Granta Park	2
Meldreth	2
Saffron Walden	2
Stansted	2
Stapleford	2
Ware	2
Bar Hill	1
Bassingbourn	1
Bedfordshire	1
Bracknell	1
Buntingford	1
Cambourne	1
Cambridgeshire	1
Comberton	1
CUGC	1
East of England	1
Ely	1
Foxton	1
Great Chesterford	1
Harlow	1
Haslingfield	1
Hatley	1
Impington	1
Letchworth	1
Northstowe	1
Papworth	1
Sawston	1
Shepreth	1
Winchester	1

Appendix 2 – Question 17

“Prefer elsewhere” comments about hospitality venues in Barrington

Survey ID number	Comments
	Royal Oak too expensive
2	Rather expensive, poor choice of beer, too many dogs
4	Royal Oak - price / Social Club bit standoffish / not welcoming
10	A cheaper venue and more traditional pub
16	Oak too expensive, not a local pub
19	Pub too expensive / Social Club not inclusive not open in the morning for coffee
24	Better food, cheaper prices, better atmosphere
44	Don't know what is on at Village Hall. Royal Oak is expensive
45	Royal Oak is expensive for what it delivers. Tend to go to Chequers at Fowlmere or Queens Head at Meldreth or Great Shelford.
59	Value for money and relaxed ambience elsewhere
63	Food options limited and expensive
66	Royal Oak too expensive. Hare and Hounds or The Plough.
88	Never used Social Club and not a fan of pubs. Went to Oak last week and thought it expensive and soulless.
101	Oak is expensive. Never used Social Club. Use Barley / Eat out in Cambridge.
104	Also go to other pubs in the area as Oak is quite expensive
108	Oak is expensive
119	Pub expensive. Social Club too cliquey and unwelcoming. When is it open?
124	Cost
126	One person is coeliac. Oak is overpriced.
129	Chequers Orwell good food but less expensive
150	Royal Oak too expensive, not a member of the Social Club
158	Pub is really nice but pricey!
162	I find Royal Oak expensive. Village Hall runs nothing for me
214	Cheaper to eat other than the Oak
256	The pub being a little expensive I prefer meeting up in Cambridge or "Mohak" in Haslingfield village
278	Royal Oak too expensive. Social Club not very wheelchair accessible. Village Hall not easily accessible into main hall. New age kurling in Hauxton
282	Cost for Royal Oak but don't go out much – health - cost. Didn't realise the Social Club was open to anyone?
	Royal Oak – other
87	Prefer a more local pub
111	Because elsewhere provides better facilities
117	Pub does not allow dogs in eating area
177	Better facilities and food
178	Poor drink selection in the Oak
205	Don't like the drinks at the Oak. Never know anyone there
224	Find other places better and cheaper
254	Food selection
258	No meals served in the bar at Royal Oak
277	Sandwiches (lack of) - food. Bar area only used in summer
	Variety and meeting friends and family
5	More choice. Usually socialise with others not in the village so meet halfway / elsewhere like Cambridge

Appendix 2 – Question 17

“Prefer elsewhere” comments about hospitality venues in Barrington

23	Pub lost its appeal but much improved lately. Socialising with family elsewhere due to their location.
35	Meet friends in Cambridge as central for all of us
41	We like variety
50	We like to go to a variety of places. The Royal Oak is expensive to eat. We only like to drink there in the summer, outside.
65	Prefer food elsewhere, go to meet up with friends not from Barrington
67	Variety - most social connections are outside the village
94	Variety of location and ambience
133	Like to vary and experience what's around
152	We are not pub people. Occasionally meet friends elsewhere at their request
163	We like variety and must be economical
165	Better venues / service / facilities. Meeting people from outside Barrington
179	Meet with friends who live elsewhere
184	Good to have a change sometimes. Royal Oak offers fancy food, rarely use due to working long hours
185	Friends - majority live out of Barrington area. Better choice of food and drink
196	We like to visit various restaurants for a different menu each week. To socialise we choose somewhere it is a convenient public house for friends and ourselves
199	Convenience due to work location (outside Barrington)
202	Meet friends halfway sometimes
209	Like variety
211	Friends do not live locally
	Social Club is rowdy
198	Social Club bit rowdy and not particularly child friendly because of language used plus focus on excess alcohol
219	Social Club does not look an inviting space to hang out and socialise/ would have been ideal to convert to a café.
204	Pub is too expensive and lost its family friendly feel. Sometimes use the Social Club during football season . Only time you see locals in the pub is car club. Need to try and get community spirit back as it's a lovely pub and place to meet.
	Social Club – unaware
157	For info we were not aware that the Social Club exists
71	Was not aware I could attend Social Club
	Coffee
18	Much better coffee at Hot Numbers
77	We eat at Wetherspoons in Cambridge. The one of us who socialises and does coffee does so at the church.
103	Hot Numbers Shepreth for coffee, good café, parking, good to work from and good with kids
121	For coffee, cheaper
139	Hot Numbers for coffee Burwash Manor Cambridge Country Club
141	Good independent coffee and good quality diverse food in Cambridge and London

Appendix 2 – Question 17

“Prefer elsewhere” comments about hospitality venues in Barrington

142	Hot Numbers for coffee and food
197	Usually have coffee when out and about. Would definitely have a coffee in the village if available.
229	There's nowhere in Barrington or within walking distance to meet for a coffee
248	Would love anywhere that offered a coffee and is accessible
255	No great coffee shop here
270	Café Amigo, Hot Numbers because no coffee shop in Barrington
	Alternatives
30	Meldreth British Queen - monthly car club meeting
39	Cambridge
145	Plough Shepreth better beer, value
193	Plough different vibe to the Oak
203	Other craft based places visited weekly plus sports / swimming
218	Chequers Fowlmere / Haslingfield Indian restaurant / city restaurants
	Miscellaneous
78	Only eat out on special occasions so go more upmarket
81	Don't know many people locally
92	Disability / time factor
99	Going there anyway e.g. garden centre, town to shop
144	Child friendly location with / closer to play area on site
161	Visit elsewhere as Barrington does not have a village hub
186	Do go when I have guests
189	Occasional meals out elsewhere
192	Cricket season
242	We are new to the area and would like to use the Village Hall and Social Club in future
266	Royal Oak - intend to use frequently . Would also consider other pubs/venues depending on food availability and activities (eg quizzes) Village Hall Social Club - intend to make use of social events
156	Orwell Village Shop better layout, lot cleaner, well run

Appendix 3 - Question 19

Other facilities that residents would like to see in the village

Other suggestions	No. households
GP surgery	17
Coffee shop / café	14
Bakery	12
Fitness / gym / yoga studio	9
Bigger / better Village Shop	5
Butcher	5
Dentist	5
Outdoor gym	5
Tennis courts	5
Library (2) Mobile library (1) children's library (1)	4
Pharmacy	4
Food vans	3
Physiotherapy	3
Table tennis	3
Badminton	2
Barbers	2
Delicatessen	2
Facilities for teenagers – skate park, bike park	2
Farmers' market	2
More footpaths for walking / safer access to other villages	2
Swimming pool	2
Takeaway	2
Alternative pub	1
Area where locals can sell produce / flowers / vegetables etc.	1
Baby groups	1
Bar	1
Better organised medications – deliveries and access	1
Choir	1
Craft fair	1
Dog sitters and walkers	1
Exercise classes for 65+ years (Forever Active)	1
Farm shop	1
Garage	1
Improved frequency of buses	1
Leisure centre	1
Modern village hall with online booking capability	1
More public transport connections to Cambridge and Royston	1
Nursery	1
Osteopath	1
Padel courts	1
Pilates	1
Pop up weekly shops / sales	1
Recreation Ground	1
Secure dog park	1
Shared office space	1

Soft play	1
Sports massage	1
Sports / social activities hall	1
Support for carers visiting the village – somewhere to get food	1
Swimming in open water	1
Wine shop	1
Other comments	
Don't really need anything	
We have a hairdresser	
None, love it as it is	
More food vans but need to advertise what / when	

Appendix 4 – Question 26b

Other medical clinics that residents would like to see in the village

Medical clinic suggestions	No. households
GP	39
Vaccinations including flu and Covid	7
Dentist	6
Pharmacy	2
Physiotherapy	2
Annual medicals	1
Asthma review	1
Baby clinic	1
Blood donation	1
Breast screening	1
Clinical hub	1
Dementia	1
Diabetes checks	1
Dressings clinic	1
Midwife	1
Nurse in village weekly	1
Opticians	1
Podiatry	1
Vets	1

Appendix 5 – Question 27

Other activities that households would like to see provided in a new Village Hub

Potential activities in a new Village Hub	No. households
Cinema / film nights / club	7
Bridge (and lessons)	4
Library / Properly organised book borrow area	3
Board games (afternoons and evenings)	2
Casual adult education including languages	2
Photography	2
After school clubs	1
Art for sale on walls of hub (like Melbourn)	1
Astronomy	1
Beer festival	1
Bingo	1
Café	1
Curling / New Age curling	1
Forever Active	1
Gardening	1
Gym	1
Hire for private functions, birthdays, afternoon teas for friends	1
Indoor bowls	1
Martial arts	1
Memory café	1
Natural History talks	1
Padel courts	1
Pilates	1
Quilting	1
Repair shop	1
Scouts	1
Slimming group	1
Snooker tables to hire	1
Tai Chi	1
Use as a meeting place	1
Village Archive Room	1
Village Carnival / Feast	1
Health and Wellbeing	
Pharmacy / More confidential collection of prescriptions, current facility in shop means others know what prescription you have ordered	2
Pop-up surgery / GP	2
Breast feeding support	1
Carer support	1
Counselling	1
Enrichment talks	1
Over 60s	1
Vaccinations	1
Winter warm hub	1

Appendix 6 Community Spirit in Barrington

All responses listed in Survey ID number

Survey ID No.	Yes	No	Don't know	Comments
1	1			It is inclusive and events are well publicised
3	1			Volunteers in time of need
5	1			The older age group do with groups like over 60s, knowing people for longer and maybe school goers or those with young kids
5		1		In our age group maybe less community feeling working in Cambridge and mostly socialising there. Maybe if there were different activities available.
6	1			Particularly the Redrow residents What's App group but also FB groups such as "Spotted in Barrington" help connect people / get help etc.
7		1		A Village Hub with more events and classes
9	1			Friendliness of village residents / Village magazine / Eco Group / Supper time message on FB "Spotted in Barrington" / Barrington Society / Car meets / School fete / Coronation event all help to encourage people to meet. We missed the Open Gardens this year - we hope it will go ahead next year.
9		1		A coffee hub
10	1			Everyone likes living here but most people don't volunteer or do much . A small percentage do a great deal.
10		1		A bit of self-control on FB "Spotted in Barrington" which can be undermining with unnecessary and ill-informed criticism / a welcoming Village Hub, not a clique behind the Village Hall. Link All Saints / concerts on the green / cheaper fare at the pub / local evenings / cafe / hub that more people use / betters sports facilities
12	1			Yes good people
15		1		Many of the suggestions listed
16		1		No idea
17		1		New people are too snobby to mix with villagers
18	1			It's the people but the village also needs more facilities to help that, especially with the new residents from Redrow. The pub is now a very expensive place for food - the social club is tired and isn't a place to eat so we go elsewhere. There really needs to be a place you can go to get coffee / cheaper simpler food. There seems to be a division between those that got to the pub and those at the Social Club - this needs to be fixed.
19	1			People happy to support events but not initiate them.

19		1		The village remains divided and social housing is no longer integrated
22	1			Community events / good primary school
23	1			Its fundraising activities and care during the covid crisis distributing medicine
24		1		Village hall / cafe
25		1		Not anymore - people need to become more outgoing
26	1			All the clubs and communities
28		1		Not any more
29	1			As many people get to know each other as not too big
30	1			Friendliness
31	1			Everyone is very friendly and happy to help others in need
33	1			Organised events on the green
34	1			Volunteering
35	1			School and neighbours
36	1			Lots of people care for others
37	1			
40	1			People socialise with each other - parties, wine tasting, church, pub, walking clubs, concerts etc.
41	1			We have a good school, church, pub, shop, clubs and societies
42	1			
43	1			The Barrington magazine helps people know what is going on and spotted in Barrington. It's friendly, a lot of people know one another. People help one another when necessary. There's lots going on to participate in if you want. Events like Safari supper / open gardens / cars on green are very convivial. The pub and shop are excellent 'centre' points where people meet, also the church. Parish Council work extremely hard on behalf of the residents.
45	1			It's not terrible but could be better.
45		1		Fete or craft events, a village charity, events lots of people like
46	1			
47	1			General concern for others
48	1			Cambs Cuisine taking over the pub, friendly residents
48		1		Reducing anti-social behaviour and negativity on FB group
49		1		Joint events and active events
52	1			Village hall, cricket and football, over 60s.
53	1			Amazing Parish Council and volunteers
53		1		Comments made on FB "Spotted in Barrington"
54		1		A room for coffee and tea
55	1			Everyone has been very friendly and welcoming since we moved here in May
56	1			

57	1			
57		1		Not an easy answer - Exploring ways in which young and old could interact more and greater integration between different parts of the village. Encouraging all residents to feel proud of where they live and a sense of responsibility for all the village facilities.
58	1			Like minded intelligent people
59		1		Pockets but very siloed. Great range of village / community events. Guest chefs at the pub worked well at bringing different people together.
60	1			Friendly atmosphere throughout the village
62	1			Lots of opportunities to join clubs
63	1			The Social Club with football and cricket
64		1		There are different areas, some people mix in others don't. A central meeting point might help.
65	1			If you have children at the school.
65		1		More events on the green bringing people from all backgrounds together
66	1			It did but not as much now as no central place for people to gather especially as The Oak is so expensive
67			1	Don't spend enough time in the village to comment
68	1			Barrington Primary School / The Royal Oak and car show
72		1		Still a gap between young and old. Footpath link to Back Lane and opening lake would help
73		1		Café / hub
74	1			The small band of wonderful people who are prepared to give up their time to make events and projects happen. e.g. The Eco Group and Community Orchard and QE2 Woodland Pond Maintenance Group, litter pickers, Open Garden organisers, Parish Councillors. All unsung heroes!
75	1			Many residents have lived here for decades
76	1			Use of Village Hall for Barrington Society, youth activities and other village organisations
77	1			We know quite a few people; people are friendly and offer and accept assistance.
77		1		Some people just use the village as a dormitory. Social events are needed to integrate them into the village , particular activities that are accessible both to those born in the village and "incomers".
78	1			The older residents have been here years and know each other. Newcomers do not always join in.
78		1		Facilities in the Redrow new area so older village people have reason to go there.
81	1			Around school and church.
81		1		Centre community or workers age groups
83	1			The pub and in general the friendliness of the village

85	1			Look after each other eg during covid pharmacy deliveries
86	1			The mix of people / the pub and shop / willingness to help each other / different clubs and events
88		1		Maybe the Parish Council take an interest in areas other than the green.
90	1			It's the people who pull together, care for each other and have pride in the village
91	1			People live here a long time. Friendly helpful neighbours.
92	1			Good shop and PO, friendly people, good neighbours
92		1		More facilities for teenagers
94	1			The coming of Redrow development and all that follows
96		1		But we are two people without children in a village . One wouldn't expect it completely.
98		1		Not any longer. Its been lost.
99	1			
100	1			Just moved to the village so hope so
101	1			Seems to but we are not really involved, wife ill.
102	1			Walking group
103	1			What's app group, friendliness of people
105	1			Very friendly caring people
106	1			Warm and friendly people
107	1			
108		1		Build a purpose built hub between the Redrow site and the old village. These facilities would be accessible from both sides. Flatten the Village Hall. Build housing there to help pay for the facility.
110	1			Lucky to still have a shop and PO and pub. Also the beautiful green for events etc.
112		1		Due to expensive property, there is a divide in the culture
113	1			People always say hello going past my house
114	1			Could do better
116		1		The idea of a hub would work well!
118	1			Friendly people
119		1		Too many people are up their own backsides
120	1			
121			1	
123		1		I think it is growing but there seems to be a disconnect. I know the Council is understaffed and the people of the village need to make the effort to engage. Hopefully the results and outcomes from this survey will help move the community forward. We are all very lucky to live in such a wonderful village. It's all about balance and moving with the times and good communication. You will never please everyone!

124		1		Good Facilities / range of activities for all age groups / better communication / social spaces / more volunteers
127	1			Shared spaces - school, church, pub, shop, community clubs and events.
128		1		More inclusive events for those without young children
129	1			But not everyone chooses to get involved or feels part of a community. Older generation have strong sense of community spirit, pride in Barrington and time.
131	1			
132	1			Barrington Society. Concern of neighbours esp during lockdown
133	1			Space, tranquillity, polite, friendly warm residents, sense of calm, concern
134	1			Pub, village shop, vintage cars, open gardens and studios, recitals. Friendly greetings when using the Green and fields behind for walking and running.
136	1			
137	1			Moderate - Work done by the church and Barrington Society
137		1		As an old person, it would be good to have more help accessing a large supermarket, small trips to nearby places e.g. garden centres, dentist, optician etc. (I know this is partly catered for) Being able to call on somebody when odd jobs need doing and other help when one can no longer drive. There are at least 7 old people who attend "Forever Active" mobility classes in Melbourn, some of whom struggle to drive there (because of pain). A village mini bus??
138	1			Neighbourly, people are friendly. Barrington FB group useful.
142	1			Nice people
143	1			
144	1			Good school / excellent playgrounds and woods
145	1			School - pub - FB group
145		1		Tennis courts
146	1			it's a small village
148	1			Shared events and occasions on the Green
149	1			Sports, shop, The Royal Oak
152	1			Is the social club open to everyone in the village? We do not know.
152		1		There could be events where the village comes together to watch screenings of national events e.g royal events, rugby world cup (the recent Lioness matches could have been a perfect example)
153	1			
154	1			Need a focal point, better Village Hall / hub
155	1			
156		1		Improved facilities

157	1			I think so but only been here two months "Spotted in Barrington " FB page is very helpful.
157		1		A stronger, more visible central "hub" that is open and is a one-stop place for everything you need to know about what's going on in Barrington, and / or is a community drop in location would be beneficial. The "community" feel of Barrington is a bit "hidden".
158	1			Church, Parish Council, a few people working very hard for everyone. Spotted in Barrington also ties people together I think.
158		1		It seems very hard to integrate different groups within the village. Events with a wide appeal are therefore great.
159		1		More clubs or a neighbourhood meet up
161		1		If there was a village hub where the community could meet you would get to know more people
162	1			Being a small village, everyone is sociable and supportive
163	1			Helpful neighbours
165	1			Village facilities (school, shop, pub, sports). Village events
166			1	I think it does for a select few
167	1			Village shop and services, generally good kind neighbours
168	1			It's Ok
168		1		More community events eg outdoor cinema / café / meeting space
169	1			Social events
169		1		More social events
170		1		Need more young people on the Parish Council
175		1		Not clear to me. I live in Redrow home and sense being regarded as interlopers. This not a concern - I just want to live quietly
176	1			Organised events have helped bring the village together. People are friendly and polite.
177		1		More access to a general less niche set of groups
178	1			The Green
179	1			I think it is a mixed picture depending on age, interests, clubs/societies available and where we live within the village.
179		1		I think an active hub with a café would make a real difference, make a focal point, Regular events which bring mixed ages together. Large community events which happen throughout the year help to bring people together. Finding a way for people to take pride in where they live and be prepared to volunteer to support events acknowledging busy lives (on a scale they feel is manageable for them)

180	1			Parish Magazine / events management / care for the village re church and green
181	1			
182	1			Newsletter, school, church, safari supper
182		1		Café, more activities for teenagers
183	1			More space for shop/ post office and café and community space would improve things greatly, school focus excluded some from community
184	1			Lots of activities already
185	1			Small village active on social media
185		1		People especially who are living here for generations should be more open to people settling in Redrow
186	1			Village groups help, Newsletter
186		1		Café with board games/newspapers and group focus
187	1			Not sure as have only just moved in, so far very welcoming
188	1			Forget-me-not club, British Legion, Bell ringing and Hill Pickers
191	1			Barrington Society, ladies' group, book group, church
192		1		To some extent although the cost and size of some of the housing has led to some treating it as a dormitory village, not using the local schools or clubs. More opportunities needed for community events that bring generations together. There is a gap between older and younger generations now, Need a Village Feast or Fete.
193	1			Good pub, friendly local shop. Good school and kind neighbours
194	1			Among some residents - should school expand, some work options
194		1		Priorities of social activities e.g. sport, dance group
195	1			On the whole yes, societies, shop, pub, school
197	1			Village magazine
198	1			Quite strong, small size, Green, School, Pub
198		1		Risk expansion of the village beyond existing boundaries, anti-social behaviour from the village hall
199	1			Average
200	1			The shop and pub
201	1			We see a very strong community around the school and pub
201		1		We don't know much about the social club
202	1			Church, school good for families, activities for those that want them, friendly village shop
203	1			Getting there since covid, improving and new families
204		1		It used to have a good community feel when I was younger but now it seems to have lost that feeling.
205		1		Have lived in the village all my life, born here, no community spirit anymore
206			1	Don't know. BBQ on the green and similar events

206		1		Events - we are beyond walking distance from the village?
207	1			50/50 fair few options and activities, school is good.
207		1		It's quite "clicky" hard to enter an established group
208	1			The school, the green and the village events
209	1			We have lived here now for just 1 year, we feel there is a strong sense of community
211	1			Better than some. Barrington Society and other groups. The primary school and church.
211		1		Improving age distribution of residents, one of the few benefits from new houses
212	1			Newsletter asset to inform of activities groups and general news
214		1		Village is divided into two. Not sure you can, will always be a divide due to class of people.
215	1			The village has a strong community feeling due to the school.
217	1			Clubs
218	1			So so
219		1		More community events can be organised, using the village Green
221	1			
222	1			Not as strong as a few years ago
222		1		Mainly due to house prices rising and people working out of the village community, not getting involved.
225			1	
226	1			People are very friendly and neighbourly
227	1			Borderline. But has improved over the last few years
228	1			
229	1			
230		1		
231	1			The various clubs
234	1			
235	1			Good leadership, good communication
236	1			Village newsletter
237	1			Friendly people. Spotted in Barrington
238	1			Many people have kids at the primary school, this is a key to community driver
238		1		An enhanced Village hub would /should attract the P school community and the wider village
240	1			But more organised events with The Royal Oak
241			1	
242	1			Various community events help to make Barrington a strong community

243	1			The welcome to Barrington has exceeded expectations. There is a really strong sense of community on the Redrow estate. Everyone is very quick to offer help to neighbours and are all incredibly generous. Socially people have set up working lunches, village green meet ups, running and cycling groups. Everyone that we have met in Barrington village have also been friendly and inviting to the community. We've met people in the play park, train station, car meets, the Royal oak and will soon be joining Barrington school. Activities like the "dads" flipflops for goals football group have been very friendly and helped us meet other local families. There's more opportunities to use the village hall for meet ups, cinema nights (like Royston) farmers markets etc.. promoting local businesses and supporting neighbours is key to a strong community.
244	1			Very strong within Redrow development. Would be nice to expand that.
246	1			Lovely people who care about their living environment
247	1			Village residents very friendly and welcoming
248	1			The people in the community make it a strong community
251	1			News magazine, activities already on offer
253	1			Friendly and welcoming
254		1		I am not sure where to meet new people
255		1		In All Saints Garden we feel detached from the village
256		1		I've moved in recently so haven't had the chance to meet many locals. A café would bring people together in my opinion
257	1			Mostly friendly people
258	1			Barrington Society, pub events
258		1		Sports / exercise for older residents e.g. over 50's football, yoga etc
259	1			Newsletter, Facebook, pub
260	1			People talk to each other but lacks a social hub
261	1			People help each other generally
261		1		Good community events
262	1			Sorry only been here 2 weeks!
263	1			Via the Facebook group
264	1			I don't know it well enough yet but I like the newsletter
265	1			But only recently lived in
267		1		Put on more village events
268			1	Not sure, pub, school, village shop
268			1	Café, bakery
269		1		Make the village more united
270		1		A central place to meet
271		1		More community events as per suggestions in Q27
272		1		Cheaper beer at pub

273		1		Would improve with more activities in the hall as listed on page 6 (café, travel talks, choir)
276		1		More representative councillors
278	1			Forget me nots, good neighbours, people having time for you
280		1		More places for families to meet socially
TOTALS	156	80	8	

Appendix 7 Community Spirit in Barrington

"YES" responses - Factors that help community spirit in Barrington

Survey ID No.	Comments
1	It is inclusive and events are well publicised
3	Volunteers in time of need
5	The older age group do with groups like over 60s, knowing people for longer and maybe school goers or those with young kids
6	Particularly the Redrow residents What's App group but also FB groups such as "Spotted in Barrington" help connect people / get help etc.
9	Friendliness of village residents / Village magazine / Eco Group / Supper time message on FB "Spotted in Barrington" / Barrington Society / Car meets / School fete / Coronation event all help to encourage people to meet. We missed the Open Gardens this year - we hope it will go ahead next year.
10	Everyone likes living here but most people don't volunteer or do much. A small percentage do a great deal.
12	Good people
18	It's the people but the village also needs more facilities to help that, especially with the new residents from Redrow. The pub is now a very expensive place for food - the social club is tired and isn't a place to eat so we go elsewhere. There really needs to be a place you can go to get coffee / cheaper simpler food. There seems to be a division between those that got to the pub and those at the social club - this needs to be fixed.
19	People happy to support events but not initiate them.
22	Community events / good primary school
23	Its fundraising activities and care during the covid crisis distributing medicine
26	All the clubs and communities
29	As many people get to know each other as not too big
30	Friendliness
31	Everyone is very friendly and happy to help others in need
33	Organised events on the green
34	Volunteering
35	School and neighbours
36	Lots of people care for others
37	
40	People socialise with each other - parties, wine tasting, church, pub, walking clubs, concerts etc.

41	We have a good school, church, pub, shop, clubs and societies
42	
43	The Barrington magazine helps people know what is going on and spotted in Barrington. It's friendly, a lot of people know one another. People help one another when necessary. There's lots going on to participate in if you want. Events like Safari supper / open gardens / cars on green are very convivial. The pub and shop are excellent 'centre' points where people meet, also the church. Parish Council work extremely hard on behalf of the residents.
45	Its not terrible but could be better.
46	
47	General concern for others
48	Cambs Cuisine taking over the pub, friendly residents
52	Village hall, cricket and football, over 60s.
53	Amazing Parish Council and volunteers
55	Everyone has been very friendly and welcoming since we moved here in May
56	
57	
58	Like minded intelligent people
60	Friendly atmosphere throughout the village
62	Lots of opportunities to join clubs
63	The Social Club with football and cricket
65	If you have children at the school.
66	It did but not as much now as no central place for people to gather especially as The Oak is so expensive
68	Barrington Primary School / The Royal Oak and car show
74	The small band of wonderful people who are prepared to give up their time to make events and projects happen. E.g. The Eco Group and Community Orchard and QE2 Woodland Pond Maintenance Group, litter pickers, Open Garden organisers, Parish Councillors All unsung heroes!
75	Many residents have lived here for decades
76	Use of Village Hall for Barrington Society, youth activities and other village organisations
77	We know quite a few people; people are friendly and offer and accept assistance.
78	The older residents have been here years and know each other. Newcomers do not always join in.
81	Around school and church.
83	The pub and in general the friendliness of the village
85	Look after each other e.g. during covid pharmacy deliveries

86	The mix of people / the pub and shop / willingness to help each other / different clubs and events
90	It's the people who pull together, care for each other and have pride in the village
91	People live here a long time. Friendly helpful neighbours.
92	Good shop and PO, friendly people, good neighbours
94	The coming of Redrow development and all that follows
99	
100	Just moved to the village so hope so
101	Seems to but we are not really involved, wife ill.
102	Walking group
103	What's app group, friendliness of people
105	Very friendly caring people
106	Warm and friendly people
107	
110	Lucky to still have a shop and PO and pub. Also the beautiful green for events etc.
113	People always say hello going past my house
114	Could do better
118	Friendly people
120	
127	Shared spaces - school, church, pub, shop, community clubs and events.
129	But not everyone chooses to get involved or feels part of a community. Older generation have strong sense of community spirit, pride in Barrington and time.
131	
132	Barrington Society. Concern of neighbours esp during lockdown
133	Space, tranquillity, polite, friendly warm residents, sense of calm, concern
134	Pub, village shop, vintage cars, open gardens and studios recitals, friendly greetings when using the Green and fields behind for walking and running.
136	
137	Moderate - Work done by the church and Barrington Society
138	Neighbourly, people are friendly. Barrington FB group useful.
142	Nice people
143	
144	Good school / excellent playgrounds and woods
145	School - pub - FB group
146	It's a small village
148	Shared events and occasions on the Green
149	Sports, shop, The Royal Oak

152	Is the social club open to everyone in the village. We do not know.
153	
154	Need a focal point, better Village Hall / hub
155	
157	I think so but only been here two months "Spotted in Barrington " FB page is very helpful.
158	Church, Parish Council, a few people working very hard for everyone. Spotted in Barrington also ties people together I think/
162	Being a small village, everyone is sociable and supportive
163	Helpful neighbours
165	Village facilities (school, shop, pub, sports). Village events
167	Village shop and services, generally good kind neighbours
168	It's Ok
169	Social events
176	Organised events have helped bring the village together. People are friendly and polite.
178	The Green
179	I think it is a mixed picture depending on age, interests, clubs/societies available and where we live within the village.
180	Parish Magazine / events management / care for the village re church and green
181	
182	Newsletter, school, church, safari supper
183	More space for shop/ post office and café and community space would improve things greatly, school focus excluded some from community
184	Lots of activities already
185	Small village active on social media
186	Village groups help, Newsletter
187	Not sure as have only just moved in, so far very welcoming
188	Forget-me-not club, British Legion, Bell ringing and Hill Pickers
191	Barrington Society, ladies' group, book group, church
193	Good pub, friendly local shop. Good school and kind neighbours
194	Among some residents - should school expand, some work options
195	On the whole yes, societies, shop, pub, school
197	Village magazine
198	Quite strong, small size, Green, School, Pub
199	Average
200	The shop and pub
201	We see a very strong community around the school and pub

202	Church, school good for families, activities for those that want them, friendly village shop
203	Getting there since covid, improving and new families
207	50/50 fair few options and activities, school is good.
208	The school, the green and the village events
209	We have lived here now for just 1 year , we feel there is a strong sense of community
211	Better than some. Barrington Society and other groups. The primary school and church.
212	Newsletter asset to inform of activities groups and general news
215	The village has a strong community feeling due to the school.
217	Clubs
218	So so
221	
222	Not as strong as a few years ago
226	People are very friendly and neighbourly
227	Borderline. But has improved over the last few years
228	
229	
231	The various clubs
234	
235	Good leadership, good communication
236	Village newsletter
237	Friendly people. Spotted in Barrington
238	Many people have kids at the primary school, this is a key to community driver
240	But more organised events with The Royal Oak
242	Various community events help to make Barrington a strong community
243	The welcome to Barrington has exceeded expectations. There is a really strong sense of community on the Redrow estate. Everyone is very quick to offer help to neighbours and are all incredibly generous. Socially people have set up working lunches, village green meet ups, running and cycling groups. Everyone that we have met in Barrington village have also been friendly and inviting to the community. We've met people in the play park, train station, car meets, the Royal oak and will soon be joining Barrington school. Activities like the "dads" flipflops for goals football group have been very friendly and helped us meet other local families. There's more opportunities to use the village hall for meet ups, cinema nights (like Royston) farmers markets etc.. promoting local businesses and supporting neighbours is key to a strong community.

244	Very strong within Redrow development. Would be nice to expand that.
246	Lovely people who care about their living environment
247	Village residents very friendly and welcoming
248	The people in the community make it a strong community
251	News magazine, activities already on offer
253	Friendly and welcoming
257	Mostly friendly people
258	Barrington Society, pub events
259	Newsletter, Facebook, pub
260	People talk to each other but lacks a social hub
261	People help each other generally
262	Sorry only been here 2 weeks!
263	Via the Facebook group
264	I don't know it well enough yet but I like the newsletter
265	But only recently moved in
278	Forget me nots, good neighbours, people having time for you

Appendix 8 Community Spirit in Barrington "No" Responses

"No" Responses and Suggestions for improving community spirit

Survey ID No.	Comments
5	In our age group maybe less community feeling working in Cambridge and mostly socialising there. Maybe if there were different activities available.
7	A Village Hub with more events and classes
9	A coffee hub
10	A bit of self-control on FB "Spotted in Barrington" which can be undermining with unnecessary and ill-informed criticism / a welcoming Village Hub, not a clique behind the Village Hall. Link All Saints / concerts on the green / cheaper fare at the pub / local evenings / cafe / hub that more people use / betters sports facilities
15	Many of the suggestions listed
16	No idea
17	New people are too snobby to mix with villagers
19	The village remains divided and social housing is no longer integrated
24	Village hall / cafe
25	Not any more - people need to become more outgoing
28	Not any more
45	Fete or craft events, a village charity, events lots of people like
48	Reducing anti-social behaviour and negativity on FB group
49	Joint events and active events
53	Comments made on FB "Spotted in Barrington"
54	no a room for coffee and tea
57	Not an easy answer - Exploring ways in which young and old could interact more and greater integration between different parts of the village. Encouraging all residents to feel proud of where they live and a sense of responsibility for all the village facilities.
59	Pockets but very siloed. Great range of village / community events. Guest chefs at the pub worked well at bringing different people together.
64	There are different areas, some people mix in others don't. A central meeting point might help.
65	More events on the green bringing people from all backgrounds together
72	Still a gap between young and old. Footpath link to Back Lane and opening lake would help
73	Café / hub
77	Some people just use the village as a dormitory. Social events are needed to integrate them into the village, particular activities that are accessible both to those born in the village and "incomers".
78	Facilities in the Redrow new area so older village people have reason to go there.

81	Centre community or workers age groups
88	Maybe the Parish Council take an interest in areas other than the green.
92	More facilities for teenagers
96	But we are two people without children in a village. One wouldn't expect it completely.
98	Not any longer. It's been lost.
108	Build a purpose-built hub between the Redrow site and the old village. These facilities would be accessible from both sides. Flatten the Village Hall. Build housing there to help pay for the facility.
112	Due to expensive property, there is a divide in the culture
116	The idea of a hub would work well!
119	Too many people are up their own backsides
123	I think it is growing but there seems to be a disconnect. I know the Council is understaffed and the people of the village need to make the effort to engage. Hopefully the results and outcomes from this survey will help move the community forward. We are all very lucky to live in such a wonderful village. It's all about balance and moving with the times and good communication. You will never please everyone!
124	Good facilities / range of activities for all age groups / better communication / social spaces / more volunteers
128	More inclusive events for those without young children
137	As an old person, it would be good to have more help accessing a large supermarket, small trips to nearby places e.g. garden centres, dentist, optician etc. (I know this is partly catered for) Being able to call on somebody when odd jobs need doing and other help when one can no longer drive. There are at least 7 old people who attend "Forever Active" mobility classes in Melbourn, some of whom struggle to drive there (because of pain). A village mini bus??
145	Tennis courts
152	There could be events where the village comes together to watch screenings of national events e.g royal events, rugby world cup (the recent Lioness matches could have been a perfect example)
156	Improved facilities
157	A stronger, more visible central "hub" that is open and is a one-stop place for everything you need to know about what's going on in Barrington, and / or is a community drop-in location would be beneficial. The "community" feel of Barrington is a bit "hidden".
158	It seems very hard to integrate different groups within the village. Events with a wide appeal are therefore great.
159	More clubs or a neighbourhood meet up
161	If there was a village hub where the community could meet you would get to know more people
168	More community events e.g. outdoor cinema / café / meeting space
169	More social events
170	Need more young people on the Parish Council
175	Not clear to me. I live in Redrow home and sense being regarded as interlopers. This not a concern - I just want to live quietly

177	More access to a general less niche set of groups
179	I think an active hub with a café would make a real difference, make a focal point, Regular events which bring mixed ages together. Large community events which happen throughout the year help to bring people together. Finding a way for people to take pride in where they live and be prepared to volunteer to support events acknowledging busy lives (on a scale they feel is manageable for them)
182	Café, more activities for teenagers
185	People especially who are living here for generations should be more open to people settling in Redrow
186	Café with board games/newspapers and group focus
192	To some extent although the cost and size of some of the housing has led to some treating it as a dormitory village, not using the local schools or clubs. More opportunities needed for community events that bring generations together. There is a gap between older and younger generations now, Need a Village Feast or Fete.
194	Priorities of social activities e.g. sport, dance group
198	Risk expansion of the village beyond existing boundaries, anti-social behaviour from the village hall
201	We don't know much about the social club
204	It used to have a good community feel when I was younger but now it seems to have lost that feeling.
205	Have lived in the village all my life, born here, no community spirit anymore
206	Events - we are beyond walking distance from the village?
207	Its quite "clicky" hard to enter an established group
211	Improving age distribution of residents , one of the few benefits from new houses
214	Village is divided into two. Not sure you can, will always be a divide due to class of people.
219	More community events can be organised, using the village Green
222	Mainly due to house prices rising and people working out of the village community, not getting involved.
230	
238	An enhanced Village hub would /should attract the P school community and the wider village
254	I am not sure where to meet new people
255	In All Saints Garden we feel detached from the village
256	I've moved in recently so haven't had the chance to meet many locals. A café would bring people together in my opinion
258	Sports / exercise for older residents e.g. over 50's football, yoga etc
261	Good community events
267	Put on more village events
269	Make the village more united
270	A central place to meet
271	More community events as per suggestions in Q27
272	Cheaper beer at pub

273	Would improve with more activities in the hall as listed on page 6 (café, travel talks, choir)
276	More representative councillors
280	More places for families to meet socially
TOTAL	80

Appendix 9 Community Spirit in Barrington**"Don't know" responses listed by Survey ID number.**

Survey ID No.	Comments
67	Don't spend enough time in the village to comment
121	
166	I think it does for a select few
206	BBQ on the green and similar events
225	
241	
268	Not sure, pub, school, village shop
268	Café, bakery
TOTAL	

Appendix 10 - Barrington Village Green

Responses to the question "Is there anything else that could be done to improve your general enjoyment of the amenity of the Village Green?"

Survey ID Number	Comment
2	Couple more seats (benches). One on Green opposite shop.
10	Concerts and more activities e.g. craft fairs / plant fairs on the Green / No it is lovely but a walk on the green away from the main road on the High Street side would help children going to school and adults at night as that is where the lights are. We do not like the wilding areas that restrict access for dog walking. We have no streetlights on the main road and its very dark.
11	A fenced off section (maybe near and along path near under 5s play pit) to let dogs off their leads
12	No happy enough with it
16	No
18	If there was permanent structure that could be used for performances or FOBS like events, I think that would be great.
19	No
23	Perhaps add more benches for people to stop along the route to say the church, shop, pub etc for parents with children and the elderly
35	More events welcome
42	BBQ area with metal BBQ stands for disposable BBQs to avoid people scorching the grass and more bins. Outdoor gym equipment
45	A fete would be good
46	Monthly market stall / local produce stall
50	No it is perfect as it is
53	Cracking down on the youth's anti-social behaviour in Barrington. Hopefully youth clubs would assist this perhaps?
59	Keep cars off
64	Perhaps a few more seats, also maybe some exercise equipment for older residents
65	Yes, however we feel that the use of the green is not encouraged!!
67	All villagers benefit from the Village Green so all should contribute to its upkeep - probably through Council Tax element allocated to the Parish Council
68	Access to public toilets for events
78	Please bring back the ducks. We always had ducks 35 years ago at both ponds. The kiddies loved them.
79	Reduce height of wildflower areas
82	Fewer morons parking cars alongside it
85	Plant sales in summer. Really enjoyed recent village events on Green
87	Think it is OK as it is
88	No
89	More seats, better sidewalks, smoother paths especially down to wood and river

96	Allow the cricket square to be cordoned/roped off during winter to enable work to be done to it. The more work that can be done the better and safer it is.
99	No further urbanisation. Enforced restriction of visiting vehicles coupled with an adequate "village" parking area (not on the ground)
103	Widen the footpaths. Had to push buggy on grass. Can't walk side by side.
107	More emphasis on rewilding
113	More signs asking people to pick up dog poo and other rubbish such as empty bottles, sweet wrappers etc.
118	We like it as it is. We do not want it to get busy and crowded.
120	The whole village should contribute to the Green charity costs. More wildflower areas should be developed.
122	Slowing down the traffic
123	Improvement of wild areas as they can look very messy and spoil the overall look of the village. Maybe some spring flowers, daffs planted by villagers following a campaign and request in designated areas of the Green. Bulbs supplied by volunteers and the same with wild meadow seeds
124	We feel that the Green could be enhanced by better management of the "environmental" features such as the uncut areas. This would not interfere with anyone's enjoyment.
127	I don't think so but I do think it's important to continue to ensure that both people and local wildlife are considered in the maintenance of the Green.
128	All village events appear to be organised around the Primary School. They are of no interest to people without young children. Maybe music events? Plant sales?
130	Make the pavements to walk there better
133	It's perfect as it is!
134	It is vital that the uniqueness and beauty and tranquillity of the Green is preserved. So, avoid and reduce any activities which devalues the character of the Green for the majority of the village, its visitors and users of the Green. Please see back page comments.
137	I love the Village Green and very much appreciate all that is being done. May it long continue!
138	Would like yard sale or car boot every now and then
142	Feast week? Black tie events to raise money for village, ball etc. soap box rally? Now we have smooth road for a bank holiday.
143	Seesaw in children's park
145	Water fountain
149	No its glorious
150	Cutting verges
151	Cycle path would help make cycling through the village safe for children
154	More areas for wildlife
157	A park style café. Join the paths together so you don't have to go back on yourself when grass is too wet for dogs. More open-air community events (e.g. music concerts, park run, summer festival, car boot and pop up market

158	Less dog poo but no idea how you would enforce that. Also, dogs should be on leads - my daughter is too afraid to use the green to play due to dogs running free. Would love to have more wilderness areas with mown paths for hide and seek for children.
164	All grass areas to be mowed, as "rewilding" is not necessary in this small village with a renowned village green (the surrounding area should provide many suitable habitats)
168	Picnic tables
169	Good toilets
170	Do not pay for access to the house, and people who use the shop, use it to drive through or turnaround
178	Less parking, some flowers / beds
179	Pop up installations? Possibly an area with permanent fitness machines which can be seen in some parks
183	Toilets
184	A few more benches, easier pedestrian access to Foxton and Shepreth stations
185	Have a café where mums / even dads can sit, enjoy a cuppa while kids play. It will attract more revenue as well and a good business for people interested to open. Water fountain / tennis court.
186	Good to see The Green open to all. Does the village benefit financially from the car meets? They seem to have amassed a huge following. Possibility of adult keep fit equipment somewhere in the village - see Gt Chesterford
189	We are now too old to need these opportunities, but we would have, and did use the Green for most of the activities
191	No, enjoy strolls around periphery. Appreciate its well maintained.
192	Ensure its cut regularly. Ensure it remains a space for recreational and organised sport
193	Some subtle lighting down Back Lane footpath / more events like the car rallies brings so many people out and is a great community event
194	Measures to protect our Green are enforced random problems, encroachment attempts, creation of new accessways etc.
200	More events on the green
201	We really enjoy seeing the Green getting used. Let's not be too precious or make it too hard for people to use.
202	Perhaps a footpath from Orwell Rd across the Green to join with other footpaths, especially in the winter can be muddy so tend to stick to main road paths.
203	Toilet facilities
204	No we enjoy the Village Green as it is
207	The Green has potential to host more events, farmers' market/antique market/vintage fair etc.
208	I would like to see the tracks connected together to make an off-road cycling path so I could cycle the children to school off-road.
211	The Village Green is a splendid local facility and is much valued in this house.
212	Where appropriate, if a tree on the Green is lost to replace it with a selected native (or possibly non-native) tree which can develop into a specimen tree to be enjoyed, such as one sees in mature parkland. Not possible in one's garden.
214	Better pavilion facilities, more up to date showers etc.
218	More wild areas, properly managed.

219	Open air, outdoor exercise equipment area for public use. More beer festivals and events on the Village Green as at the moment its very boring.
229	Modernisation of play equipment at park and potentially enclosing a section of it for child safety.
232	More dog poo bins. And cut grass up Back Lane better. It looks a mess.
236	Bandstand / open pergola with covered roof - to provide shelter from rain or sun when picnicking
237	Outdoor gym equipment
238	Footpaths with gates are currently not pram / pushchair accessible / More areas left wild / wildflowers and trails / wildlife enhancing features - bird, bees, beehouses
239	Signage re dog waste (labels on bins)
242	There are lots of enjoyable events that take place in the community that we thoroughly enjoy. However more publicity would be helpful for us to be aware of these events.
255	Public toilets / Water fountain / tennis courts
257	A new sports pavilion, maybe a new clubhouse for the bowling green, a coffee shop / café would be a good choice.
258	It's great. Don't spoil it!
261	Keeping it as a village green rather than as a default recreation ground
262	Access to toilets
267	Better security around the cricket pavilion

Appendix 11 Additional comments / concerns / suggestions for future activities	
Survey ID No.	Comments
2	Unfortunately, the Village Hall is somewhat dated and tired even after several face lifts since we have lived in the village. We feel the best option would be to demolish the existing Village Hall and the site sold (to build old person's bungalows) and any remaining funds added to the pot for a new Village Hall / Hub / Cafe / Archive / social and sporting facilities / car parks etc. to be situated on the land provided by Rugby Cement Co near to the bowling green.
3	Improve the sports pavilion for all sports on green. Leave the Village Hall where it is - in the centre of the village.
9	Concerns over traffic speed through village - especially down the hill from Haslingfield / dog and litter bins in All Saints Gardens and surrounding footpaths / Event for Bonfire Night to encourage socialisation between All Saints and village / Opening party when the path around the lake and into back of the village via the woodland path is opened / car wash and coffee at the Village Hall.
14	More facilities for people with learning difficulties
19	A café would be more inclusive and allow ad hoc meetings of people. For some it could be a "lunch" club, for others a place to drop in. Less - carbon footprint than going to Shepreth, Melbourn and Haslingfield for coffee. Would be a place to display village artefacts: History Society / Rugby Cement fossils. Village Hall music should not have to stop at 11pm!!
25	No provision for volunteers in the village and elsewhere; not included "home" working not included. No mention of the church. No discussion of the Archive Room.
30	We would like to see speed restrictions and measures applied to Shepreth Rd in our lifetime! There has been much talk and fact finding, but what has been achieved? We live on the edge of this road and traffic noise affects us, particularly at night. Haslingfield has put in good speed reduction measures which appear to be successful.
36	Speed restrictions enforced; speed bumps narrow the road x4. Pavement not on roadside, it's dangerous, tarmac road right through Shepreth Road. Street lighting, potholes by Old Mill Close
38	Would like to see Tesco Express or similar shop nearby and a Doctors / dentist surgery. These should be a priority. Also need Redrow path / cycle lane to Foxton Station. Please ensure Redrow deliver on this commitment. Thanks
39	As a new resident the Village Hall is not very appealing - the appearance is not attractive and seems run down from the outside (although we have not visited it yet). It needs to present itself in a more appealing way to attract people to use it or hire it for community activities. Please compare it to the village amenity building at Hauxton which is modern, light, and appealing.
40	Personally, we feel that the proposed football pitch and tennis courts would be better located within the new Redrow development. The impact of the noise, traffic, car parking, floodlights etc will ruin the Green area where the cricket pitch is.
41	I am already in discussion with the architect to ensure that the village maintains its archive in a suitable room that can be accessed by the whole village for research and general interest

44	I would like to see a footpath and cycle path to Foxton and Shepreth. It is currently quite dangerous walking along the roads in these directions. Tennis courts would be a great addition. Also, food trucks on a regular basis as per Haslingfield Village Hall at weekends.
52	Although we are both on the Village Hall trustees, we have lived in Barrington for 38 years. Please note the suggestions below: 1. The Village Hall / Social Club is between the Post Office / shop and the Royal Oak in a conservation area. It is in a unique and perfect position overlooking the green giving a vista along the green. The Village Hall and the land which it is on belongs to the village and is looked after by the Village Hall trustees. The Cricket Pavilion is in a perfect place overlooking the cricket pitch and football ground. These should not be put in one place but should be kept separate to enhance the view along the Green. 2. Your questionnaire should include how much the residents may be willing to pay on Council Tax.
54	Perhaps a nurse could come to Barrington to deal with or advise on minor medical problems which would help with increased numbers at Harston and help the older non-driving people. The village shop could be extended by opening up the storage area at the back. The area for prescriptions could then be reorganised.
57	People make the choice to live in Barrington because it is a village. While recognising that an expanding village needs and wants more facilities, hopefully this can be achieved without damaging the essence of the village. Perhaps encourage an active car share scheme for journeys into Cambridge from the village. Even a minibus / people carrier service? I understand this existed in the past.
62	We think that the pavilion area should be reserved for voluntary groups, providing for both adult and children of both sexes, for sports and recreation. It is important that it is easy to provide good safe guarding (at present this is a big concern at the Village Hall). Having a cafe and social club in this area would compromise safeguarding. This would make the Village Hall for general public and businesses to use, the cafe and Social Club providing services and income for the village hall. The voluntary organisations could provide funds for the pavilion area through Sport England, National Lottery, The Scout Association, and community funding. A professional "fund raiser" might help.
67	The public footpath along West Green / High Street isn't wide enough for people (particularly children) to walk along safely given the speed and proximity of traffic on the road. My concern is as a pedestrian and motorist.
72	Concerns are: Bike path to station - when happening? If not down railway need some pedestrian route out of the village. Haslingfield traffic calming - other villages get things done. We don't. Speed limit, lighting, pavements, road markings outside school, chicanes, bumps, pedestrian crossing. Facilities for young people - currently non-existent for any child over primary school age. No safe pedestrian / bike route out of village for them to access neighbouring villages which actually do have facilities. S106 who is making sure that Redrow do deliver on everything promised? Grass cutting - could the grass verges be cut along Haslingfield Rd all the way to the new houses entrance - would help pedestrians walking along the road and make that area feel more like part of the village.
74	I have used the community hub at Hauxton and was very impressed! Lovely multi use building, full of light.

78	Please give serious consideration to buying comfortable stacking chairs for the Village Hall. I do not attend clubs etc there because the chairs are so bad. I would like to attend clubs in the Village Hall. The chairs in the community centre behind the parish church in the centre of Melbourn are both stacking and padded. They are the most comfortable Village Hall chairs I have come across. Please look at these before you choose more back breakers. I know I'm not the only one to complain about the chairs, but people forget to mention them on this kind of questionnaire.
81	Activities at the moment centre on church, school or pub. I would like to see groups or facilities for workers age groups. I don't have kids and am not religious nor do I really drink. Other activities are for older people. There is a gap for people like myself in 40s who want to meet others. Really the stuff aimed at my group are "service" such as Parish Council, Speedwatch etc. Many local services such as sports centres and clubs are daytime activities which we cannot participate in. There is a growing group of lonely, unconnected or overlooked groups. I would love to support a board games group, or a mental health cafe, wellbeing walks or cycle rides or exercise for unfit working age people. What about cat sitting, dog walking groups where members help each other, a group of babysitters for the village. Look up Timebank. It could be amazing for a village like ours. www.timebanking.org . It values a variety of skills people can offer and appreciates we need a variety of support. It builds community across the ages and other differences. Really need a mobile tower as landlines are being discontinued. No signal at all here. We run a business and can't without a signal. Can we put one on the Village Hall?
86	How is parking going to be addressed?
88	In terms of a sense of community might help if the Chair of Parish Council responded to emails and gave support to residents not living along the Green and its environs - objects to new housing in Back Lane but no concern for those of us whose daily lives are affected by a main line railway and lack of concern by Cemex. Even objected to Redrow Housing which looks much better than a dilapidated defunct factory. My suggestion would be to knock down an ugly Village Hall, filthy sports pavilion and the Bowls Club, sell the Village Hall site for housing and build a modern purpose built hub for all these activities and more. Can you imagine the objections from those whom the Paris Council has no wish to upset?!!
92	Better buses from village to park and ride or large supermarkets. Better paths for disabled. Especially from new Redrow houses to school crossing H'field Rd. The path has no disabled access or for prams as it reaches the road. More trees. More walking accesses to countryside that take wheelchair.
100	We are excited about the potential of the village hub, as residents that live opposite we are very supportive of events being held during the day and we would hope that there is a sensible cut off time for events completing in order to minimise disturbance to residents. We would also love to see more food vans over at the village hub!
101	As we are pensioners we just take things easy now. We socialise with family mainly. My wife is ill so our activities have curtailed over the last year or so. Not going to improve. Like the village, most of the people are nice but still a few elitists it would seem. Glad the roads have been tarmacked.
102	A new road surface for Foxton Rd would be good as this is the preferred route for most traffic!! In and out of the village.
114	The more activities available in the Village Hall the better.

115	It would help if the times and dates the Social Club was open were put on Spotted in Barrington. I would then be more likely to use the Social Club.
118	The main requirement I would have is a reliable bus service into Cambridge and Royston that runs in the evening - one bus arriving in Cambridge about 18.30 and departing about 22.30 would make it much easier to use City facilities. Same for Royston. Alternatively, encourage Uber drivers to come out to Barrington even if this is just on Friday / Saturdays.
120	Chair of Parish Council should be fixed term, so any one person does not remain in post, unchallenged for long periods of time. Village to be kept as a village and not developed into a small town. Cycle path to train station is essential. Plans should not be allowed to stop.
123	I think the Council needs to work closer with the Royal Oak, Oliver Thain or Cam Cuisine are clearly a company who like their pubs to be at the heart of the community. I think that there could potentially be more events that can be held in conjunction - easing the burden of organising and advertising. I appreciate and totally respect putting any event on is a massive amount of work and requires volunteers to step up. A craft or farmers' market on a regular basis in Barrington would be great, there are already quite a few in surrounding villages so adding Barrington to the circuit shouldn't be too difficult? Being on the Council is a thankless task but thank you for all you do.
128	Possible event ideas; Jazz picnic (or other kind of music) on the Green (finish by 10pm to avoid disturbance) open air theatre on the Green; Beer festival (very happy that the pub is now doing this); Farmers' markets / Food and Drink Festivals; Painting classes on the Green (St Mary's is a nice view to draw!)
130	More regular bus services to and from the surrounding villages and Cambridge would be very welcome. Connectivity for older residents is difficult but important.
132	Although I am on my own now - as a grandmother I believe that more facilities for children and young people in Barrington would be a big advantage for families. For example: nursery / toddler groups / teenage activities / organised sport for young people
133	We moved to Barrington because we loved the nature of the village, virtually unspoilt, tranquil, and friendly. We realise change is wanted by some, to meet their needs, and ask that it is done sympathetically and does not encroach on the uniqueness of our stunning village. The speed limit in the village is a major concern. We consider 20mph to be appropriate through pub, school, church, start of hill. We notice that just after the school going towards Haslingfield there is a national speed limit sign. This is concerning as there is a turning there on the left for the All Saints residents (Redrow development) - their access in and out of the development. We ask that this is raised as a dangerous point for cyclists, joggers, walkers, children, and drivers. Walking and driving through other villages like Grantchester are much more pleasant and reassuring in terms of safety, they have 20mph limit in most areas with 30mph in others. A coffee van would be nice, as the one in Grantchester outside the wine shop, in a pleasant spot where we could hang out.

134	<p>The Green provides an open and friendly space for quiet enjoyment by all. Even if they don't know each other, the nature of the space encourages friendly engagement, even if just a short greeting. It is vital that users, especially families, children and the elderly can use the area without concern, trepidation or intimidation. Unfortunately, the personality of football is typically not conducive to this, with both organised and informal play being at times accompanied by shouting and swearing with little consideration of others. Even in the off-season this summer, the secured football posts have been cut free and man-handled from the back of the pavilion causing damage to the posts and the cricket pitch. It is known that in several instances these players were from outside Barrington. Of course, the organised football users are not to be blamed for this, but as more groups are introduced to playing football on Barrington Green, the informal and belligerent use will increase. It is important that players are provided with an appropriate area but this must be kept separate from the focal point and unique values of Barrington Green, a beautiful and natural conservation area. Putting football pitches and sports facilities in the field behind the pavilion and bowling green will result in a continuous stream of visitors and cars, with massive spikes at weekends and on lighter evenings for training sessions. It will destroy the unique, beautiful and tranquil village feel of Barrington. The obvious place for developing sports facilities is the Redrow site, being at the edge of the village, with easy access for both development and future use, and where it does not prevent the quiet enjoyment of the heart of the village by others and walking the footpaths / fields behind. The village needs traffic calming, and we would suggest consideration of speed bumps and even speed cameras to combat loud and fast through-traffic, especially the few irresponsible participants of the Vintage Car Meet. Speed bumps are argued to cause increased pollution and engine noise but perhaps this is not so much of an issue given the wide-open spaces either side of the road and the increasing adoption of electric vehicles.</p>
138	<p>More dance / fitness classes café secure dog park area yard sale every now and then</p>
139	<p>Barrington desperately needs a good café / bakery / coffee shop and ideally a more contemporary village shop with a better selection of fresh produce (not the sad specimens currently on offer!) Parish Council should encourage more businesses, providing services and employment.</p>
141	<p>Excited that Barrington will be refreshing its facilities! Hauxton village facilities are excellent, especially the design of the newish village pavilion. Having spoken to the lady who runs it a couple of times, she even said Barrington could have the 'blueprint' of the design. Duxford community facilities are also excellent. We use this a lot as well. Would be wonderful to see Barrington replicate something like this. (Hauxton and Duxford should be visited by the planning team). Great Shelford Village have a super set up too. Thank you.</p>
144	<p>Safe walking / cycling in / out of the village would be enhanced with public footpaths (on certain roads) and / or cycle path - particularly to Foxton station and over Chapel Hill - would allow for better access especially with children and reliance on car.</p>
154	<p>As funds are limited the focus should be on investing in the Village Hall / Hub. This would allow for a wider part of the community to benefit rather than investing in sports facilities which are only accessed by a minority and also may not be Barrington residents.</p>

157	The Royal Oak does a great job at being a visible, open focal point in the village. However, it is a bit expensive for casual use and it attracts a lot of visitors to the village, which is great, but it does mean it's difficult to know who is actually local to the village versus visiting. A community run cafe / coffee shop in a prominent location and taking advantage of the fabulous open spaces would be a great addition to the village. All great "parks" have such a place and although the open space is the Village Green it has the look and feel of park-land which could be exploited more for a community feeling.
158	My teenagers take the train to school. We are looking forward to a safe cycleway to the Shepreth station. Currently we drive them for safety reasons. Going over Chapel Hill is super dangerous. Library facilities would be fantastic - we'd definitely use them (the mobile bus comes when we are all at work / school). Would be great to have a music space with keyboard and facilities for lessons and rehearsals. A decent piano (expensive) for concerts in the main hall. If the cafe had seating on the Green it would be a huge draw in good weather and for cyclists and walkers.
161	If we have a Village Hub - to include meeting hall, well equipped kitchen, café, offering table and chairs area and relaxing area with comfy chairs. It would be good to have area for children to read books or play with toys. Good bathroom facilities. Good outside signage to welcome all and outsiders (cyclists, walkers, people from surrounding villages).
162	Pool table somewhere. Activities / play for under 2s. Village shop quite expensive for a single lone parent with baby and don't sell a lot. Activities for newcomers in the village.
163	Can we have a nice bright village hall. (Foxton Village Hall is a good example!)
167	Hub could have free library including children's books, games and activities like messy play, painting, pottery type activities. Free wifi. Painting classes. Gardening club / plant sales. Pilates / yoga / keep fit classes.
168	Outdoor space next to the café like in Hauxton would be amazing, also great for parties, gatherings etc. Also, you could hold clubs like knitting, painting in the café which brings in customers during quiet period
172	Footpath to either Foxton or Shepreth Station. Many of our young people have to travel to college by train and there is no lit and safe route
176	The village hall is a great resource for hosting events. It could just do with a refresh/modernising. The village shop could benefit from more space in order to carry more products (more fresh bread)
184	Informal taxi / minibus service from Shepreth / Foxton stations later at night and for early trains
189	We are 91 and 87 respectfully so much of the opportunity for using village facilities has passed by. We do commend the effort being taken and hope that your efforts are rewarded. A monthly coffee morning with cake stall might be of interest for young mums and elderly, in the village hall. Would a badminton court fit in ? That was popular when we lived in Stapleford.

191	<p>We moved to Barrington in 2022 and are generally satisfied with the social activities/amenities in the village. We are long retired so many of the suggested amenities in the questionnaire do not really apply to us, although it will be interesting to see the proposals for the new village hall - the existing building verges on a eye sore slap bang in the sensitive part of the conservation area. My biggest disappointment with the village is the lack of good walks around the periphery which I enjoyed in our previous Norfolk village. If only the footpath on the southern side of the Rhee linked up with Shepreth Road !! Another disappointment is the riverside walk from the carpark on the Shepreth Road heading West. This is a permissive path but is not delineated and the field it crosses is very overgrown. Having struggled across the field from the footpath passes through a small copse which is overgrown with brambles and virtually impassable. Having gone to the expense of a car park and signage it desperately needs some maintenance to make it an amenity asset to the village.</p>
192	<p>A bus service to the station would be a great amenity for those without a car and the elderly. A safe footpath for multiple users to Shepreth Station would be very helpful, especially for children using the train to go to school and college. The Pavilion should be redeveloped into a community hub similar to the ones in Hauxton and Duxford with hall space, cafe, facilities for tennis, football, bowls and cricket. The current village hall could be sold, and land used for sheltered accommodation/ Alms houses so people who live in the village can stay in the village. it is ideal for a small number of bungalows and warden house.</p>
196	<p>The pavilion was built as a sports pavilion for the village of Barrington population and therefore it should stay as one. The frontage should be maintained as it a great part of Barrington History. The building behind should be rebuilt with a bigger one with all the up-to-date elements that cover disability, baby changes area, larger changing rooms. A larger activity room which could be used for cricket teas, or other events would be preferable. Solar panels could be erected so it keeps cost down. A larger activity room with kitchen facilities could be offered to smaller groups rather than the village hall where a small group looks like a needle in a haystack. Decisions made in the past to the additions and changes to the village hall are now out of date and it needs a complete upgrade! If a village hub is bought to the village - who runs it? do people who use it pay a yearly subscription and is it free to everyone! if tennis courts are to be included- who will be in charge of looking after the maintenance of the grounds and also will there be a booking system for the villagers to use the courts at set times? There will have to be quite a few sub committees under a big umbrella of the Pavilion so that each sports activity is represented to make sure that everything is run in a good manner and standard at all times. The Parish Council should be represented on committees but they should not be able to overrule the committee which is making the decision- unless it is an inappropriate use of facility etc... Finally where are all the unpaid volunteers going to come from!!!</p>
197	<p>A cafe with outside tables and a view of the Green would be popular with cyclists.</p>

198	Currently village social club caters for the minority most of whom drive to the village, drink then drive away. I.e., it does not service the villagers and puts it at risk of drink drivers. Often foul language and swearing at high volume. Village Hall should service the community that live in Barrington, bringing a sense of community plus generate income for the local services/Barrington school. NOT isolate people who live in Barrington from using the facilities. For example, there could be a Friday night film club for children, currently not possible as drink drivers in social club. Priority could be given to local children for cubs/beavers etc (most children go to Comberton as no space for them in the village hall) Could have events like Curry club for local businesses, Quiz nights, Christmas carol / market, Kids clubs, circuit training, exercise, yoga.
199	Stop cars, lorries / vans idling their engines in front of the village shop. Lots of fumes get through our windows unnecessarily. It is Unnecessary, unhealthy, destructive for the environment and should be illegal.
203	We would like to see a completely new rebuild that is purposefully designed, taking into account modern climate responsible initiatives, with good lighting and facilities. The building at the moment does not enhance the beauty of the village of Barrington.
204	We walk to school every morning and it terrifies us due to the speed of some drivers. Could look at installation of speed bumps along the High street. The paths on the way to school are un even causing our buggy to go a different way to the way we are pushing.
205	Having been born in the village and lived here all my life I feel the community spirit is gone. The attendance at the Coronation day proved this, very poor attendance despite excellent organisation and planning by the organisers. The only time you see any locals in the Oak is for the car meet on a Friday, other times it just seems to be an eating establishment.
206	Any sort of function on the village green and village hall
211	I believe that the core community values of the village are high, their influence is diminished by the capabilities of a significant proportion of elderly residents who have limited health or other age-related problems.
213	A safe footpath for walking to Shepreth
218	I think we need to agree a name for the new development at the cement works. No one ever calls it All Saints Gardens. There are no gardens and its purely a Redrow marketing name, at the moment residents refer to it as Redrow. Maybe a competition to agree a name. My suggestions would be Quarry, Quarry Hill or Chapel Hill.
222	It would be nice to see more integration between ages. The Forget- me - not club and the school interact with the children but how many parents or grandparents. A small room at the Village Hall for meetings would be good. Due to the kind of houses (some VERY expensive for the average family) in Barrington now I think there will always be a divide. The Redrow estate will always be separate the only integration there being with the school. A shame as Barrington always used to be so special and that seems to be disappearing slowly.
224	Put the Green back to being a lovely Green. Get rid of the untidy horrible messes which are supposed to be wildflower patches. They all spoil the Green and do not supply any more for wildlife than the Green grass does. The sides of the road are dangerous for drivers when come out into the road.
225	Apart from socialising with other dog walkers that we meet we are not keen to join in other activities.

227	When visitors enter any village the first thing they notice is how well kept the village is. We can definitely improve on that without any major cost. Repairing broken facilities and maintaining those that only need minor work before they deteriorate too much. Vandalism seems to go in cycles in Barrington. Finding out why could go a long way to finding out who. Vandalism is a blight on our village, done almost always by bored kids. Most important find out what they need, give them a focus then I am sure things will improve TALK TO THEM
228	Always found Barrington friendly and very sociable. Have lived here for 50 years.
229	Better sports facilities e.g. all weather surface, a café would be nice. The equipment in the under 5's park is not suitable for under 5's. Toddlers can't use the Climbing frame and tyre swing, also there isn't a swing and toddlers love swings. The equipment needs a rethink !!
233	Cemex fishing lake is this going to open, residents of Barrington/local area could be an asset to the village. Golf, A Barrington Society. This survey might tell us the amount of golfers in Barrington/local area
236	Commercial Kitchen (or elements thereof)- redevelopment build of the Village Hall could include installation of a commercial grade kitchen this would improve the likelihood of renting the hall for events where catering is required / hired in (i.e. celebrations, community events etc.. children's parties.
238	The survey shows the Hub will need to provide space for many groups/activities. Flexible and future proofed space is really important. A healthy building with natural light and environmentally sound features. Encouragement fewer cars and better bike/pedestrian access. A huge car park is currently not full and often a place to be anti-social! The existing village hall is locked and only open for events/functions, it would be better if it was more open for general access not just book events. The cafe idea seems good and popular, any space should allow for people to meet or study or even work with WIFI, power supply. Space for kids, babies, prams etc should be designed IN not OUT!
239	As a new mum somewhere to meet other parents in the village other than the pub would be great, either organised groups, hub or coffee shop. Happy to pay for these services it would improve community links/engagement also
246	We moved to Barrington not long ago. We will try to use the local facilities (village shop, post office, Royal Oak etc..) more often in the near future
248	It would be great to see more dog bins throughout the village including the path leading to Redrow estate - thank you
251	30 mph limit needs extending past entrance to All Saints
256	Wondering if there is a possibility in the future for a safer way to walk to Haslingfield village? A pavement on one side of the road? I often see people walking up the hill which looks dangerous! The grass on both sides is extremely overgrown most of the time
258	Music activities, orchestra / chamber music, choir. Sport, over 50's football, table tennis facilities

261	<p>There is nothing specific in this questionnaire as to what the Parish Council has in mind regarding the enhancement of Barrington's Community facilities, but presumably more will be offered for comment and further discussions at the public meeting on 14 October before any binding, irrevocable decisions are made. The concern of those of us living on the Eastern side of West Green, the roadway of which we already share with the cricket club, the football club, the bowls club, the personal trainer who runs his business on the Green, and those from outside the village who regularly visit to walk their dogs, is well known. But more so than our own, hopefully understandable desire to live peacefully, is the desire to preserve the character of our very special Green. Because what all these users have in common, is that the majority of their journeys are undertaken by motor vehicles. On a typical football match day, there are fifty or more cars accessing this part of the Green along the narrow, permitted roadway, not to mention all these cars and vans parked on the Green for the duration of a match. Any enhancement of the facilities in this area, of whichever club, will inevitably make the situation worse; the relative remoteness of the Redrow development, which has not been compelled through the planning process to provide recreational facilities other than play areas for young children, will only exacerbate the problem. The linear nature of the village makes it inevitable that community facilities if concentrated in their existing locations or very close to those locations will be accessed primarily by motor vehicles. Barrington's problem is that it does not have a recreational ground. In fact, it is the only Cambridgeshire village of its size which does not have a rec. The Village Green is not a recreation ground: indeed it has a separate legal status which means it cannot be a rec. As the roadways are part of the Green, it follows that they also have the same legal protection from development which includes a change of use of the land that is accessed from them. Notwithstanding the above, we do of course support enhancing community facilities in Barrington. Most are already inadequate for our growing population, particularly young people. But concentrating these facilities in the existing historic locations, or very close to them particularly when the geography of the village is shifting north and eastwards, is wrong. It is for the same reason that to concentrate most of the opportunities for indoor community users, in the village hall, is misguided. One point of detail should be drawn to the attention of the architects appointed to redesign the cricket pavilion is the need to be able to shut off the enclosed terrace when it is not in use as a pavilion; the majority of the time it is not used to support cricket or indeed any other organised sport but by those wishing to indulge in other habits which are a potential nuisance, although CCTV seems to have deterred the 'county line' drug dealers since it was installed. Folding shutters should be provided so when open for matches, the traditional style of cricket pavilion is maintained.</p>
262	Very grateful to the volunteers who litter pick regularly
267	<p>Reduce speed limit on Haslingfield Rd/Chapel Hill at the entrances to the new Redrow development, currently 30 does not extend as far as it is 60pmh. Post Box on Redrow site. Keen to develop bell ringing in Barrington, both church bells and hand bells. Provision of automated external defibrillator (AED) awareness of location/ clearly labelled, training in basic life support, arrangements for ensuring always safe and available for use and maintained</p>

268	Our principal concerns relate to the development of the pavilion and the land behind it. In particular we are concerned about increased traffic over the Green, Increased parking on the Green, Any proposal to convert the existing lanes alongside the Green into a thoroughfare leading to the land behind the pavilion. Any proposal for late evening /night usage of the pavilion or land behind it (particularly if such proposal were to involve use of floodlights). Any proposal for the sale of alcohol from the Pavilion.
269	Address state of Primes Close (i.e. overcrowding, poor landlord, illegal building, bad outlook on entering the Close). Improve the shop in appearance.
275	Glebe Road needs traffic speed of 20mph enforced before a serious accident occurs
276	Traffic Calming, speeding needs sorting, Road surfaces poor, traffic noise, better maintenance of surrounding footpaths, set up an historical group to study and share the original history of Barrington in words and pictures we are losing the origins of our settlement. Set up a " pride in Barrington society" to improve village image.
279	It would be good to move the village hall across the Village green and make it all one complex with the sports pavilion and bowls club, where the outlook would be nicer, further away from the road. Families could enjoy the facilities and children play safely on the village green. In doing this the village hall could be sold and used to build smaller properties to enable people who wish to downsize to do so without having to leave the village.
280	Although we currently have a 2-year-old, we fully anticipate him attending the local primary school. Further facilities to support families with school age and preschool children would be a great asset to the village. There is distinct lack of sports facilities in and around Barrington. To encourage people to be more active, free tennis courts would be great. Again - a coffee shop/cafe or general hub would be.
281	There is a youth club in the village not well attended! We have had numerous mother and toddler groups, very low attendance! A group for carers of family members suffering from dementia / Parkinson's would be beneficial. Carers are mostly housebound as they cannot leave the person they care for. Carers need to be able to meet and talk with other carers!

Barrington **Parish Council**

BARRINGTON COMMUNITY FACILITIES CONSULTATION SURVEY

Dear Resident

Barrington Parish Council is currently working on plans to improve the community facilities in the village, namely the Village Hall, Sports Pavilion and the Village Green.

We need your help and are asking every household to complete this survey and voice their wishes, concerns, and priorities in order to ensure that the planned new facilities best meet your needs. Your input is crucial, and we would be grateful if you would answer the questions as fully as possible.

The questionnaire is being hand delivered to every house. It is important that we have the highest possible response rate, and one of your Parish Councillors will return to collect the completed questionnaires.

If it is more convenient you can drop off your completed questionnaire at one of the **collection boxes** which are at:

- **The Village Shop**
- **The Village Hall**
- **The Royal Oak**
- **Barrington Primary School**
- **The Church**

We hope that it will only take a few minutes to complete because many of the questions just require a “tick in the box” - but feel free to add additional thoughts if you wish.

The deadline for collection / submission of all questionnaires is **Thursday 21st September 2023**.

Please note that we are only asking for your address to check that every house has been able to return their questionnaire and have their say. No personal information will be included when reporting on the results of the questionnaire.

The results of this consultation will be available at a public meeting on 14th October where we will be discussing potential plans for the Village Hall and Sports Pavilion.

Many Thanks

Barrington Parish Council
